Current position

Jan 2024 – present **Postdoctoral position**, *Zuse Institute Berlin, Germany.*
"Geometric learning for Single-Cell RNA velocity modelling". PI: Christoph von Tycowicz.

Education

Oct 2020 – Dec 2023 **PhD in Applied Mathematics**, *Université Côte d'Azur, France.*
"Barycentric embeddings for geometric manifold learning". Under the supervision of Xavier Pennec and Alain Trouvé.

Sep 2019 – Sep 2020 **Master's degree in Applied Mathematics**, *ENS Paris-Saclay, France.*
Mathematics, Vision, Learning (MVA)

Sep 2016 – Sep 2020 **Master's degree – Mathematics**, *ENS Paris-Saclay, France.*
2019 Master's degree in Higher Education in Mathematics with specialisation in Effective Algebra. Successful candidate to the Agrégation de Mathématiques (rank 66/308).
2017 Bachelor's degree in Mathematics.

Sep 2014 – Jul 2016 **Classe préparatoire en Mathématiques et Physique**, *Lycée Saint Louis, Paris.*
Intensive two-year study course in Mathematics and Physics preparing for the competitive entrance examinations to the French "Grandes Écoles".

Research experience

Apr 2020 – Sep 2020 **Master's research internship**, *ENS Paris-Saclay, France.*
"Data embedding and symmetric spaces with applications to molecular dynamics". Under the supervision of Alain Trouvé.

Apr 2018 - Jul 2018 **Visiting Student**, *Albert-Ludwigs-Universität Freiburg, Germany.*
"Statistical analysis of geometric shapes with applications to anthropology". Visiting JProf. Philipp Harms.

Jan 2017 - Jun 2017 **Bachelor's research internship**, *ENS Paris-Saclay, France.*
"Learning stochastic systems in high dimension". Under the supervision of Alain Trouvé.

Talks and conferences

Aug 2024 **COMPSTAT 2024 – Invited talk**, *Giessen, Germany.*
"Barycentric subspace analysis of networks."

Aug 2024 **Workshop on Shape Analysis: Math in Maine – Invited talk**, *Andover, USA.*
"Single-Cell velocity fields"

Jun 2024 **POPNets Workshop – Invited talk**, *Copenhagen, Denmark.*
"Barycentric subspace analysis of networks"

May 2024 **Geometric Sciences in Action – Poster**, *CIRM, France.*
"Barycentric subspace analysis of networks."

Jan 2024 **Workshop on Small Data Analysis – Invited talk**, *Berlin, Germany.*
"Barycentric subspace analysis of a set of graphs."

Dec 2023 **Seminar on Shape Analysis – Invited talk**, *Paris, France.*
"Intrinsic methods for manifold-valued data."

Nov 2023 **Workshop on Dimension Reduction – Contributed talk**, *Lyon, France.*
"Barycentric subspace analysis of sets of graphs."

Aug 2023 **GSI'23 – Contributed talk**, *Saint-Malo, France.*
"Riemannian locally linear embedding with application to Kendall shape spaces"

Aug 2023 **GSI'23 – Contributed talk**, *Saint-Malo, France.*
"Towards quotient barycentric subspaces."

Aug 2023 **Statistical Learning Theory Lab – Invited talk**, *Seoul National University.*
"Barycentric geometry on manifolds and application to non-Euclidean dimensionality reduction."

Jul 2023 **Workshop on Shape Analysis: Math in the Mine – Invited talk**, *Tende, France.*
"Geodesics of orbit spaces, affine mappings of simple manifolds and some related questions in barycentric geometry."

Sep 2022 **Introductory School on Geometry and Statistics – Poster**, *Cargèse, France.*
"Looking for invariance in Locally Linear Embedding."

Jun 2022 **Curves and Surfaces 2022 – Poster**, *Arcachon, France.*
"Looking for invariance in Locally Linear Embedding."

Jan 2022 **Working Group on Image Processing – Invited talk**, *Université Paris-Saclay.*
"Introducing a generalisation of Locally Linear Embedding to manifold-valued data."

Nov 2021 **Laboratoire de Mathématiques d'Orsay – Invited talk**, *Université Paris-Saclay.*
"A generalisation of Locally Linear Embedding to manifold-valued data."

Oct 2021 **CJC-MA 2021 – Contributed talk**, *Palaiseau, France.*
"A generalisation of Locally Linear Embedding to manifold-valued data."

Aug 2021 **GTDAML 2021 – Contributed talk**, *Online*
"Visualisation of Kendall shape spaces with Geomstats."

Jul 2021 **GSI'21 – Contributed talk**, *Paris, France.*
"Parallel transport on Kendall shape spaces."

Jul 2018 **Workshop on Shape Analysis: Math in the Black Forest**, *Feldberg, Germany.*
"Approximations of distances and kernels on shape spaces."

Publications

2023 **"Riemannian locally linear embedding with application to Kendall shape spaces"**, *GSI'23. Springer.*
Elodie Maignant, Alain Trouvé, Xavier Pennec.

2023 **"Towards quotient barycentric subspaces"**, *GSI'23. Springer.*
Anna Calissano, Elodie Maignant, Xavier Pennec.

2021 **"ICLR 2021 challenge for computational geometry & topology: Design and results."**, *ICLR 2021.*
Nina Miolane, et al.

2021 **"Parallel transport on Kendall shape spaces"**, *GSI'21. Springer.*
Nicolas Guigui, Elodie Maignant, Alain Trouvé, Xavier Pennec.

2021 **"Identification of the primary factors determining the specificity of the human VKORC1 recognition by thioredoxin-fold proteins"**, *International Journal of Molecular Sciences 22.2: 802.*
Maxim Stolyarchuk, Julie Ledoux, Elodie Maignant, Alain Trouvé, Luba Tchertanov.

2019 **"Approximation of Riemannian distances and applications to distance-based learning on manifolds"**
Philipp Harms, Elodie Maignant, Stefan Schlager.

Teaching

Oct 2020 – Jun 2022 **Teaching assistant, in charge of tutorials**, *Université Paris-Saclay, France.*
Global Analysis, Topology and Differential Calculus.

Sep 2018 – Sep 2020 **Interrogatrice en classe préparatoire**, *Lycée Saint-Louis, Paris.*
Examiner in Mathematics for weekly oral interrogations in small groups.

Languages

French Native

English Complete working knowledge *Cambridge English Advanced C1*

Miscellaneous

Volunteering I am active in promoting women in sciences and I have been involved in the organisation of several events aimed at this end. More generally, I enjoy teaching and I am strongly committed to education for all. I am also devoted to the animal cause and have done voluntary work with a shelter.

Personal Interest I am passionate about music and art. I have been singing and playing the viola and the saxophone since I was a very young age. I also practised judo at a high level for years.
