## Miscellaneous

- Volunteering I am active in promoting women in sciences and I have been involved in the organisation of several events aimed at this end. More generally, I enjoy teaching and I am strongly committed to education for all. I am also devoted to the animal cause and have done voluntary work with a shelter.
- Personal Interest I am passionate about music and art. I have been singing and playing the viola and the saxophone since I was a very young age. I also practised judo at a high level for years.
